# NAVAL SUPPLY SYSTEMS COMMAND

Ready. Resourceful. Responsive!

Delivering  
Combat  
Capability  
Through  
Logistics!

## OUR MISSION

*To provide Navy, Marine Corps, Joint and Allied forces quality supplies and services on a timely basis.*

## OUR VISION

*We will be the customers' choice for best value products and services, where a single request by the customer activates a global network of sources and solutions. In short ...*

**One-Touch Supply**

*The Naval Supply Systems Command provides U.S. Naval forces with quality supplies and services. A principal source of readiness for U.S. Naval forces, NAVSUP's diverse team delivers information, material, services, and the quality of life products our Naval forces need. Our vision of One-Touch Supply inspires everything we do — a single action by the customer activates a global network of sources that delivers best value products and services. A workforce of nearly 23,000 employees manages logistics programs in the areas of supply operations, contracting, resale, fuel, transportation, security assistance, conventional ordnance, food service, and other quality of life programs.*

# ***NAVSUP - Transformed to be responsive, nimble, and innovative ... and aligned to support our Customers!***

*The NAVSUP enterprise is structurally aligned to efficiently support the warfighter, comprised of a headquarters activity, and five major organizations with 11 commands.*

## **Fleet and Industrial Supply Centers (FISCs)**

The Fleet and Industrial Supply Centers located in San Diego, Calif.; Norfolk, Va.; Jacksonville, Fla.; Yokosuka, Japan; Pearl Harbor, Hawaii; and Bremerton (Puget Sound), Wash., provide logistics, business and support services to fleet, shore and industrial commands of the Navy, Coast Guard, and other Joint and Allied forces. These supply centers deliver combat capability through logistics by teaming with regional partners and customers to provide material management, contracting, transportation and consolidated mail services, technical and customer support, defense fuel products, worldwide movement of personal property, and other logistics services.

## **Naval Inventory Control Point (NAVICP)**

NAVICP provides program and supply support for the weapons systems that keep our Naval forces mission ready, exercising centralized control over 350,000 different line items of repair parts, components and assemblies that keep ships, aircraft and weapons operating. NAVICP also provides logistics and supply assistance to friendly and Allied nations through the Foreign Military Sales program.

## **Navy Exchange Service Command (NEXCOM)**

NEXCOM provides quality goods and services at a savings and supports quality of life programs. The retail stores and many services offered by Navy Exchange Service Command makes it an important quality of life benefit to customers – active duty, family members, retirees, national guard, and Reservists around the world, both ashore and at sea.

## **Naval Operational Logistics Support Center (NOLSC)**

Headquartered in Norfolk, Va., NOLSC serves as the focal point for enhancing operational commanders' material readiness by providing innovative solutions to logistical challenges, and to be NAVSUP's supply chain manager and service provider for transportation, petroleum, and ordnance logistics services for the Navy, Marine Corps, Joint, and Coalition forces.

## **Navy Supply Information Systems Activity (NAVSISA)**

NAVSUP provides information systems support through NAVSISA. This group is the Navy's premier central design agency with responsibility to design, develop and maintain information systems supporting numerous activities in the functional areas of logistics, supply chain management, transportation, finance, and accounting.

*We provide clear lines of accountability and customer advocacy through seven Assistant Chief of Staff positions for each of our customer categories.*

**ACOS for Operating Forces Support (OFS)** is the NAVSUP enterprise interface with operating forces, including surface, submarine, and aviation forces afloat and ashore; Marine Corps aviation forces; Marine Corps ground forces; numbered fleets with homeported ships; Homeland Security; Naval Construction Forces (Seabees); Special Forces; and medical support including hospital ships and fleet hospitals. (Commander, NAVSUP is the ACOS for OFS.)

**ACOS for Navy Family Support (NFS)** ensures Sailors and their families are supported with the products and services they need, whether afloat or ashore. (Commander, NEXCOM is the ACOS for NFS.)

**ACOS for Operational Commander Support (OCS)** acts as the NAVSUP enterprise interface for deployed operating forces, and also serves as the NAVSUP operational and joint face-to-the-fleet. (Commanding Officer, NOLSC, is the ACOS for OCS.)

**ACOS for Acquisition Support (AS)** is focused on minimizing life cycle cost while maximizing the performance of weapon systems and platforms. (Commander, NAVICP, is the ACOS for AS).

**ACOS for Industrial Support (IS)** serves as the primary interface to Navy industrial activities to leverage enterprisewide activities in support of industrial operations such as those at aviation depots and shipyards. (Commander, NAVICP, is the ACOS for IS).

**ACOS for International Logistics Support (ILS)** is responsible for modernization, operational life cycle support, and life cycle extensions in support of allied users of Navy managed material. (Commander, NAVICP, is the ACOS for ILS).

**The ACOS for Regional Commander Support (RCS)** serves as the NAVSUP enterprise single point of contact for Navy regional commanders and Commander, Navy Installations in coordinating NAVSUP support for base operating support, or BOS functions. (Commander, Fleet and Industrial Supply Centers, is the ACOS for RCS.)

***In each case, the ACOS is the principle coordinator for the efforts of NAVSUP in support of their customer group. They accomplish this through the efforts of the various commands within NAVSUP.***
